Certified Classic. 13 MP3 Songs HIP HOP/RAP: Rap, HIP HOP/RAP: Hip Hop Details: Souled Out says it all. From the Block to the alter, it's J-Christ. "I'mma ride til I rise," he says as he looks to the sky. Determined to make up for the all drama he's been through, his passion for souls is unmeasurable. Lines like, " I can sleep when I'm dead, right now I've got to do ministry; reach out to my peeps with misdemeanors and felonies," and "We've been taught since day one, the first rule never say a word; but the same ones doing the talkin', was doin' the talkin'!" As you can see he's serious when it comes to spittin on the mic, but his life is what's the most impressive. He's the same with everybody, everywhere. Whether spittin word in the streets, or droppin seeds to un-expecting people anywhere and anytime, you know where his heart is. All who knew him before his conversion know what he was all about. Former member of the 36th and Jaynes Street gang hes seen and done a lot. From murder, to drug sales, indictments, and the rest, hes seen it all since day one. Sometime I look back and still dont fully understand why God chose me for this, he says. After years of hearing the word of God and prayer, he decided to make drastic changes. No cursing, clubbing, smoking, or drinking, and then getting married all came as a big surprise to all around him. Passionate about his purpose he reaches out to all those who are now where hes been. From breaking up fights and scuffles at High School football and basketball games, to the streets and hoods that he used to reside and be restricted from, to the NE Youth Corrections Facility, to his current job as a Family Teacher at Girls and Boys Town hes determined to let everyone know saving the power of Christ. Now, he hopes to "convert as many as he's corrupted." Always open to perform, or speak from a big arena to a hole in the wall. He'll go toe to toe with any MC. Will the world be prepared for and the body support the movement? Only time will tell!
