18 Tracks - Over 76 minutes of original music - Straight West Coast - LA / OC / IE 18 MP3 Songs HIP HOP/RAP: West Coast Rap, HIP HOP/RAP: Southern Style Details: Fam One: Redefining Whats Gangsta As you sit back and listen to Welcome 2 Tha West Coast, youre overwhelmed with that old-school West Coast feel classic kicks and snares, melodic keys blended with deep bass chords and the familiar sound of hand claps that have long defined West Coast Funk. In this case, that someone (or some ones rather) is a west coast group called FAM ONE G.A.N.G. Reviving the West Theres a difference between being a gangsta and simply gang-bangin and the difference lies within the definition. In the land of the red and the blue, bangin is a way of life for some and for the others its a systematic way of controlling a segment of the population. A true gangsta is not bound by man-made boundaries. Hes defined by his actions more so than his appearance and, on all accounts; a gangsta is more concerned with his business than he is with his adversaries. To put it more simply Gangsta is bangin when it grows up. On Welcome 2 Tha West Coast, you get to experience that grown man gansta. That - true hustlin mentality. That I will work three jobs if I have to type of grindin. That -mature gangsta. Fam One delivers that classic West Coast sound banging beats, rock influenced guitar riffs, thought provoking content, with just the right touch of R&B. Lyrically speaking, the deliveries of each member of the Fam reflects their distinct personalities. While their personalities vary greatly, as in every family, each of them lets you know exactly where they are coming from. Fam One was able to recreate that old school West Coast sound, which will keep their fans coming back for more. After years of the music industry pumping out cookie cutter acts and music that sounds like the same ole stuff being played over and over again on the air, Fam One has arrived to redefine the West Coast. Their experiences and expertise, collectively and as individual artists, allows this eclectic group to formulate an original sound and a style that is long

overdue. Business savvy "Crime was long concerned only with brutal, solitary and personal impulses. But nowadays [they] are forming ranks; they obey discipline; they have given themselves a code and a morality; they work in gangs with well devised schemes." -- Louis Blanc, 1840 When you everything you do revolves around your Family First, you know you cant go wrong. Fam One G.A.N.G. was formally established in 2002. And we all know that with every family, there comes a fair share of family drama. But like we said before, its family first, so instead of airing all the family business well get down to the facts. You see, its their loyalty to one another that sets Fam One apart from all the rest. Fam One G.A.N.G.s unconventional business structure has provided them with the flexibility of handling their individual careers while simultaneously working towards the collective goal. None of the members are signed to any type of recording contract and as it stands, they are all equal business partners in the family business. Jook will tell you, I dont believe in that slavery s#!t If a man chooses to do business with me its because its a pleasure doing business with me. But dont get the wrong impression; Jook has a graduate degree from a prestigious university on the West Coast coupled with the size and presence to enforce his will. Individually, the Fam has been offered a variety of recording deals from several majors all of which have been refused due to one technicality or another. Having spent many hours negotiating the terms of various recording contracts, the Fam has now focused their attention on securing a joint venture deal through a major. While the Fam is not opposed to working with a major, we will not recant our terms under any circumstance now, thats gangsta. Meet the band Fam One G.A.N.G. consists of Jook, Bucc West, SeeJai, J. Thorn, Lucky Lou, Kevvy Traxx, Gator Beatz, and Erquhart. Jook, the President and CEO of Fam One G.A.N.G., is a swift and calculated businessman, with a sharp intuition and unrelenting desire to succeed. Jook is somewhat hard to read at times, which makes him a hell of an executive when it comes to negotiations. Bucc West brings that raw, street-level vibe in everything he says and does. You can bet Bucc West is always going to stir up some beef by saying what others are afraid to say and doing what everyone else wouldnt dare do. SeeJai blends his soulful melodies with captivating lyrics to create music that will melt any heart. Perhaps the most sophisticated member of the group, he tends to have an indelible impact on his female fans. J.Thorn is what youd call a smooth operator. His cool, calm, even-temper, and objective style of negotiating keeps this family balanced. J.Thorn is responsible for FAM Ones bookings, collections, and mediating any potential disputes. His precision and class are just as evident in his flawless lyrics and delivery. Lucky Lou has got that fresh new energy that makes people just

want to be around him. His sense of style is impeccable, and everyone knows he is the premier source for whats hot in hip-hop. On-stage his crazy stagger and charisma resonate, and the women faithfully follow. Kevvy Traxx, FAM Ones in-house producer, is a bit of a perfectionist who knows how to transcend borders when it comes to making beats. Although more of the strong-silent type in person, his personality screams out through his melodic chemistry on the tracks. Gator Beatz has mastered the formula for that classic west coast beat that will make you want to pull out a phat one and blaze up. His elusiveness and mystery keeps the rest of the Fam at the edge of their seats. With this cat, you never know whats coming next. But, he always returns with the kind of sound that lets you know you just gotta let him do his thang, his way. Erquhart matches the definition of a true hustler. While he rolls solo the majority of the time, Erquharts spirit and dedication always remain with the FAM. A bit of a street poet, he paints a vivid picture of his experiences and thoughts through his lyrical genius. In Welcome 2 Tha West Coast, Fam One wanted to pay tribute to old school West Coast hip-hop, which they did flawlessly. Youd be hard pressed to find many successful independent artists in Southern California, where its all about playing the Hollywood role for the media. We wanted to recreate the era when N.W.A. and Too Short served the streets, WITHOUT radio airplay and videos, said Jook, Fam Ones President and CEO. He reveals that the mission was, To (finally) bring a voice back to Southern Cali., to remind folks when we used to buy CDs not because the radio or MTV made it popular but because it was real. . If youve been missing some real hip-hop, and long for that true West Coast sound, this is where its at. If you havent already copped it, check out Fam One G.A.N.G.s debut album, Welcome 2 Tha West Coast, at cdbaby.com/FAMONE. If you already have been fortunate to get yours, then tell a friend.
