Coming up on 8 years as a band, Happy Campers have been paying their dues and laying the foundation to what has become a strong force in the indy music scene. Happy Campers were forced to either fade away into obscurity or apply some heavy DIY tactics and make it to the next level on there own. Choosing the later Happy Campers self released 3 full length albums, took the reigns on designing an elaborate merch catalog (thongs, belts and lighters included), touring continuously through out the U.S. building a strong grass roots following. They pull hundreds of kids in over a dozen states including over 800 at the Huntridge Theater in Las Vegas for thier annual Christmas benifit show. The Campers have enjoyed a lot of success recently being the featured band in the "Bumfights" Videos.
