Good old-fashioned, heartwarming, rompin', stompin', fun-for-the-whole-family klezmer/jazz fusion from other planets, played by genuine aliens masquerading as virtuoso musicians. 13 MP3 Songs WORLD: Judaica, JAZZ: World Fusion Details: KLINGON KLEZ: the klezmer band your parents warned you about ! takes klez to warp drive with a contemporary sound infusion. Klezmer (a.k.a. Jewish party music) is a 500-year-old tradition that has enjoyed ongoing crossovers with its neighbors--originally Middle Eastern, Balkan, Greek and Gypsy music. This seven-member ensemble, made up of some of Philly's jazz, funk and dixieland players and directed by renegade cantor Jack Kessler, keeps the tradition evolving and rocking. Proving that everyone can be uplifted and have a whole lot of fun at the same time, KLINGON KLEZ concerts typically produce mass dancing in the aisles and occasional departure into orbit.
