----- "Liquid Blue could be the best alternative pop band you hear all year"- (Broadjam). "Supernova is a ground-breaking work and our pick for album of the year"- (New Music Weekly). "The band turns social commentary into art"- (Icon Magazine). "Liquid Blue has set a course for a new sound and a new attitude"- (NowOnTour). "Band takes Sgt Pepper to the max"- (San Diego North County Times). "Absolutely Stellar"- (GoGirlsMusic). "This band has the ability to seduce with atmosphere and texture"- (TAXI). "Brilliant!"- (Hybrid Magazine).

----- Based in San Diego, California, Liquid Blue was recently named "America's Best Independent Artist" and signed with PCT Music. The band and the "BlueGirls" have been bringing audiences to their feet at clubs, theaters and arenas worldwide for many years. The "Music to Move You" World Tour has taken the seven-member act to over 60 countries on 6 continents! The band also has a major distribution deal in China where they've performed before sold out stadium crowds of over 65,000 fans and have been seen on Chinese television by over 700 million viewers. The Liquid Blue sound is an exotic fusion of western pop melodies with ancient modern eastern elements. The media has classified the music in genres including "alternative pop", "dance pop" and "world pop" and it's phat mix of all three. "Cutting edge music to move your body mind". The band's critically

acclaimed debut CD, "Supernova", was produced by David DeVore, (12 multi-platinum LP's) and mixed by (two-time Grammy winner) Joe Chiccarelli. The album was recorded at the legendary Western Recorders on Sunset Blvd in Hollywood. Supernova has been a top-ten seller at CD Baby (the largest seller of "indie" music on the web) and Liquid Blue is featured on the CD Baby bestsellers compilation. Select tracks from Supernova have been included on 12 compilation releases, alongside major artists such as Jane's Addiction, Le Tigre Sonic Youth. Six songs from Supernova have reached #1 on Independent Music Charts! The first commercial radio release from Supernova is the chill song "Real", which is recently became the #1 Indie Label song in the U.S. with over 400 spins per week and #4 overall on the Hot AC chart (NMW).
