A wild ride of hard rock with occasional punk and reggae influences. We're Messianic Jews, Jews that believe in Yeshua (Jesus) as the Messiah. 9 MP3 Songs ROCK: Hard Rock, ROCK: Progressive Rock
Details: The band was originally put together with the intention of being a Messianic worship band. The band eventually changed its sound and became possibly the first Messianic Jewish rock band. Messianic Jews are Jews that believe that Jesus (or in Hebrew, Yeshua) is the Messiah and the Son of God. The two original members of the band, Alan and David K., are the singer and the bassist. Aaron plays the drums and David C. plays the guitar. We've done gigs for our synagogue, we've played all-ages shows around the greater San Diego area as well as Los Angeles, Palm Springs, Ramona and San Jose. My favorite place is a small coffeehouse in Tijuana where we've played twice and are friends with the owners. The cd was recorded in Riverside in 5 days. Thanks for reading this, and if you want to talk to someone in the band, email us at netzermusic@gmail.com.
