Cosmic Caberet 14 MP3 Songs POP: Quirky, ROCK: Psychedelic Details: Saphin "...gorgeously pansified mystic floating-in-a-tin-can wispieness that really, really rocks... The Village Voice Saphin's debut album "this", was released to critical acclaim on the independent label Parallel World, at which time he was simultaneously picked up and signed for development by Warner Brothers Records. On the internet Jeff's website, Saphinscape, is a frequently visited presence (at a about 20,000 hits per month) it's even been awarded "Site of the Month" by BowieNet who said: 'The headquarters for Jeff Saphin's avant garde musical creationism is a multimedia bonanza. Step into his world and pucker up for some cybercosmic love. We'll leave the rest to you. Now get to goin' already! If the Bowie camp is calling Saphin "avante garde", well... To add even more to the mix, in the early 90's Saphin had the privilege of learning what he calls 'essential basic production skills' from world renowned Record Producer Tony Visconti. Lately Jeff has been putting the finishing touches on his next 'official' release "Saphin is: Tim esSquare starring in, "Time of the Signs"", Which Jeff calls a "Multidimensional open ended concept record, but don't get scared" says saphin, "It's peppered with Pop" . "...Time of the Signs" has already started to attract unsolicited nods of approval from the underground/internet community, hows this? "... taken song by song, his focus doesn't obscure the quality of the pop songwriting. And while the totality of his grandiose statement is ultimately hard to pin down, Saphin is largely successful in communicating his sense of uneasiness for the future and his penchant for dazzling melodies." (Matt Fink/Delusions of Adequacy) Saphin is now gearing up for his next array of highly theatrical/spiritually infused, Euro based outrageously surreal performances....
