Country hit songwriter Thom Shepherd performs with his all-star Nashville Songwriters Band LIVE at XM Studios 25 MP3 Songs COUNTRY: Modern Country, COUNTRY: Traditional Country Details: We were on our way to Germany to do a tour for Armed Forces Entertainment when we recorded this concert at the XM Satellite Radio Studios in Washington DC. It was Country Dans idea, and I cant thank him enough for having us and orchestrating the whole project. It was a real thrill to perform on XM 10 America, knowing we were live border to border and coast to coast! The band is made up of all hit songwriters and they did an excellent job. They are also great people to travel with! We only had an hour, so the guys in the band only did snippets of their hits. Looking back I wish we had done the whole songs. It was a great show and I hope you enjoy it!
