Electronic landscapes - from Experimental to Chill Out, from Ambient to Electronica. 11 MP3 Songs in this album (46:56) ! Related styles: ELECTRONIC: Chill out, ELECTRONIC: Electronica People who are interested in Autechre Boards of Canada should consider this download. Details: Virtual Conformity is the electronica project of no:carrier member Christian Wirsig where he is exploring the often experimental and sometimes quite down-to-the-roots minimal realms of electronic music. Ranging somewhere between Aphex Twin, Boards Of Canada and the more electronic adventures of artists like Sven Vth or the Cologne posse (you know, like Dr. Walker, Air Liquide...) the songs ofte carry certain emotions and feelings. But it's not a mere solo project - every now and then friends and other artists join Virtual Conformity to produce songs. It's music to float away, still be awake and ample the delights of electronic undergrounds.
