christian jazz, smooth jazz 10 MP3 Songs GOSPEL: Contemporary Gospel, JAZZ: Smooth Jazz Details:

In 1985 Willie Wilson purchased his first professional synthesizer. This was the beginning of Willies musical odyssey as a composer and instrumental jazz keyboard artist. He continued to study music composition and theory while staying current with the latest trends in synthesizer technology and recording. Willies mastery of synthesizers coupled with the revolution of digital music is profoundly heard throughout his music. As a musician, my goal is not to simply display talent, but to render to my audience a gift from my heart. As if his love for keyboards was not enough, Willie discovered a new love the saxophone. This love grew out of a desire on Willies part to complement his keyboard compositions and added another dimension to his music, thus, expanding his keyboard compositions and melody writing. His new cd Son Shine reflects this sax/keyboard union. Willies soprano/alto sax solos run smoothly throughout this new release. This music is definitely a pleasure to hear. Willie's style of music will remind you of such smooth jazz artists as Kirk Whalum, Boney James and Ben Tankard. In Willie's new smooth jazz release Love Thy Neighbor he brings together a collage of different music textures. Willie uses a variety of styles and tempos of music to compile this new project. This CD moves from the world of contemporary drumbeats, intertwined with smooth jazz soprano/alto sax and keyboard synths. These harmonies plus solo sax and piano lines is the type of music that that does not get in the way, of enjoying the music. This is a refreshing artist in the ever-evolving world of smooth jazz music. If you enjoy listening to original smooth jazz music, with an upbeat flare, this cd needs to be on your music buy list. If you are looking for a musician for live music for your next venue and the quality of sound and performance is a priority, Willies music will be a perfect fit. Willie delivers the full sound of a premium band and performs the saxophone and keyboard parts live for your guests. Specializing in superb background music for

upscale events (like corporate parties, trade shows, church events, weddings and more) Willie plays continuously, one great song after another, from a repertoire of over six hours of memorized music. Willie is a proud user of the Yamaha motif synth, Yamaha Wx5, Alesis, Roland, Emu, Cubase audio, and Antigua winds instruments. Influences: Kirk Whalum, Boney James, Ben Tankard, Jeff Lorber and Allen and Allen. 2006 WILLIE WILSON
