

## Mp3 Woody Sparks - Mutility

[DOWNLOAD HERE](#)

IDM, house, ambient electro 9 MP3 Songs ELECTRONIC: Dance, ELECTRONIC: House Details: MUTILITY The music on this CD came about almost by accident. It was performed, recorded and mastered in one day as a demo for a B-movie soundtrack with vampires and raves in mind as scenarios. Well, the producer chose some other music, and here we have Mutility, an exercise in music and utility, or mutable futility, or whatever. Some of the tracks are quite retro, reminiscent of Gary Neuman, while others defy the general categories of house, jungle, breakbeat, drums'n bass etc. "Slaves' Anthem" is a loose adaptation of some Slavic anthem or other, with a funky break in the middle. Put it on loud and dance or chill out, whichever you please. Enjoy the Mutility of the moment. Rolf
