Rap mix Details: My name is Freddie a.k.a, YELLABOY. I'm from Indianapolis Indiana(GO COLTS!) I've been entertaining for as long as I can remeber. I am 27 yrs. old and very passionate about what I do.I reside in the great state of Tennessee right now and feel embraced by the love they have shown me. I am a rap artist but can also sing, which gives me an extra edge. My goal is to show that REAL music still exist. I spent countless hours trying to perfect my skills and I feel my music will show that. I started an entertainment company called " Black Indiana". We have been in the dark so long that people don't even realize we exist. I feel my stage show will be what takes me over the top, along with my new generation style of rap. I love hip-hop and hip-hop loves me. There's so much more to talk about than what I hear people give to the world. Life is not about drugs, women, or money but about survival and not only making yourself a better person, but bringing up those around you. We as artist tend to forget about others once we receive our blessings, and that's something I do not plan on doing. I'm not just doing this for me. I'm doing this for my family and my people as a whole. I have somethin to prove.... not only to the world but myself as well. I want to prove that there is still good music in peoples souls, and still good hearts in peoples body. So, I ask you...take a journey with me...through my pain, my suffering, my ups and downs, my good times. my bad times, and also my great times. I plan to be around for a long time, rather rapping, singing, writing for others, or even behind the scenes. I have alot to offer to the world. So once you have purchased my c.d. Sit back listen, and enjoy the ride....it's sure to be one you won't forget. I thank God for the gifts he has givin me to share with you, and I thank you for letting me share my gift with the world, so tell a friend....light-skinned n!@@a\$ is back!lol
