

The Seven Cosmic Worlds - Camilleri E. Camilleri

[DOWNLOAD HERE](#)

The Seven Cosmic Worlds is a book based on the true cosmology of the spiritual and physical universe from when time was created by the archai, arch spirits of the hierarchies of the ultimate spiritual light of the ultimate beings that make up the Almighty God and His identity and how He created mankind and all the heavenly bodies. All other cosmologies that have taken away the source of all creation, all life, are empty in comparison to this description of the face of God Himself. It shows in this book that a mind beyond billions of years of thoughts of compassion and love created every molecule in every human being's heart that has learned to love God in the way God loves mankind in every person that seeks God, and His love knows this Truth. The author has developed a unique channeling process that speaks directly from a historical personality. For example, Jesus of Nazareth in the cosmic world light shield where the author speaks through the narration of the book based on King James New Testament Bible. Also, the author has been able to channel the spirit of the Archangel Michael so much so that the visions through the images of this spiritual being are identical to the angelic personality described in the Bible. Hence, the author's unique channeling process is presented graphically (both spiritual beings speaking to each other) describing how God created the cosmos. Author: Camilleri, Camilleri E.
