Cover Description: Have you ever questioned if there really is a God? Have you ever wondered why there are so many religions in the world today? Then you're just like me. 'Truth and nothing but' is about getting to the bottom of the confusion amongst the many religions in the world all claiming to be the one true religion, by looking into the origins of where it all began. Accompany me on a spiritual journey from the UK to the Motherland, to find the truth, as I explore Africa's history, ancient Egypt and its connection with how we understand, or misunderstand, God in a modern society which places science above religion and spirituality. Ultimately it is about knowing the truth, the whole truth and nothing but the truth. Is there more to life than our daily routines? Are there really hidden agendas and secrets to keep us from knowing the truth? A must read for the inquisitive mind.
