Take Advantage of the Video Boom By Creating Your Own High Quality Video Products . . . Now YOU Can Finally Learn All the ins and outs of Creating Your Own Video Product...and its broken down into simple terms ANYONE can understand! 2 Of The Main Benefits to Video Products: 1) Its much easier to SHOW someone how to do something, as opposed to just telling them. Teaching people to do something with written word can be difficult at best. Some wont understand what you are trying to explain...they may be confused with certain terms or descriptions. With video, you can SHOW them what you are talking about to remove all doubt. Theres no guessing that they are doing something correctly, theyll know for a fact! 2) Higher perceived value of all your products. Writing a manual or guide is great, but to be honest, videos are EXPECTED to cost more. You are adding a personal touch, and spending your time bonding with your customer (or at least, thats how it seems). Because of this, the value of your product increases. You can earn more profit from the exact same amount of work! Heres a taste of what youll learn... What tools are you going to need to create your video product? In this chapter, youll see the advantages and disadvantages of certain tools...and more importantly, what you MUST have in order to create a great

video product. Do YOU know how to edit your video? Unless you plan on recording one continuous video, and starting over each time you mess up, you absolutely must know the essentials of editing. Get them broken down into simple terms! You mean I have to have a plan? This is quite possibly the most important step in the video creation process...are you prepared to waste hours and hours because you missed one of the steps? Product delivery just got a little more complicated! Now that you have a video to deliver to customers, you need to know how to go about it. Will it be physically shipped? Downloadable? What if your customer is on slow dial up...all these questions and more are answered. Never before has it been so easy to have all the info you need on Creating Your Own Video Product in one place! Chances are pretty slim that you'll even be able to find this info anywhere else.
