

Jimi Hendrix - Axis Bold As Love Sheet Music (songbook)

Up From The Skies

Words and Music by Jimi Hendrix

"EXP" segues into this song concerning a visiting extra-terrestrial and its queries regarding life on this planet, providing some subtle tongue-in-cheek social commentary in the process. Meanwhile, a "jazzy" groove is laid down by a trio of Earth denizens: Mitch (with brushes in hand), Jimi (with wah-wah pedal at foot) and Noel.

Note that the guitar accompaniment throughout the verses has been reduced to a chord-chart type of format. For greater ease of reading, you'll need to refer to the chord diagrams in order to achieve the correct voicings. Incidentally, if these forms, with their numerical designations, are "alien" to you and you're curious as to their origin, then check out your library for textbooks dealing with basic harmony. Some additional information may also be found in the player's notes for "If 6 Was 9."
