Intrusive angry folk rock 50 MP3 Songs FOLK: Angry, POP: Folky Pop Details: This album was originally planned to fit on one CD and be finished by Halloween, but I got sucked into the habit of songwriting and it became difficult to stop. The songs came out so easily because of my intention to keep recurring themes such as the relationship between a mind and a heart. I hope that this album entertains you. Recorded between 6/6 and 12/6
