A sophisticated blending of hip-hop, RnB and even a touch of pop and jazz. 14 MP3 Songs HIP HOP/RAP: Hip Hop, URBAN/R&B: R&B Rap mix Details: Baby Boy writes, My life has not been without a few bumps and unfortunate choices when I encountered forks in the road. But the obstacles I have overcome along the way have helped me grow and learn, culminating in the identity you see before you as Baby Boy. His multicultural ethnicity and unusually broad experiences have made his life journey interesting, to say the least, thus far. Raised in the Midwest and in Alaska, Baby Boy has been on the receiving end of more than his share of angry youth. The flip side of that coin are his many fans, often female, and his ability to use his unique and engaging style to communicate with his audience. In this way he creates that magical connection with his fans that all artists desire but only of very few of whom actually manifest. New Lexicon, on the BumbleFunk label, was Baby Boy's first complete project. The material in New Lexicon spans the spectrum from deepest heart felt angst in God No to sensual anticipation in Steamy Window to happy and playful Nursery Rhyme. Producer Eman says, Working with Baby Boy is a fun and challenging project on many levels. His skill and lyrical insight are unprecedented in my experience. He definitely has the x factor, this based on the many girls I have had to remove from the studio during recording sessions. On the up side, we never lacked for background vocalists! Honestly, I feel honored to have had the opportunity to watch Baby Boy grow and overcome some significant difficulties to blossom into the star quality artist he is today. I look forward continuing our working relationship and helping him achieve the world wide recognition he deserves. Between gigging and his day and night jobs, Baby Boy is working on several projects including his next CD, and development of new artists like Amanda T. Keep your eyes on this Baby Boy as he blows up!!
