Bread makes you want to never stop listening to the substance provided in these records being flowed so cocky over soulful tracks. Just like fresh hot buttermilk bread or biscuits that you can smell from miles away which influence you to change what you were about to eat, this is what it is to have these records to do the same to your Hip Hop appetite. Bread is humor, deep, and soulful. Bread is the one you hate for being so honest but the one you love for being so funny and real. If you are shallow and plain or you just want to be so crunk as to where you and your mammas blood pressure shoot through the roof then you can go back home from whence you came because you aint welcome here. Breality Funk will change the face of Hip Hop. It speaks for the unheard, teaches the untaught and challenges the trend. So if you are not afraid to jam, then this is your new legend. This is the Hip Hop revolution. Breality Funk. Peace world. Its Bread!
