This is truly for the R A P fan and music lovers of all kinds, so check it. 11 MP3 Songs HIP HOP/RAP: Hip Hop, HIP HOP/RAP: Rap Details: Cool AI is a longtime DJ who decided to expand in his musical realm. Born in Philadelphia PA. I attended college in Baltimore MD. It there where I began to dj. There were no large campus parties, however I was to have several parties at my off campus apartment that began my journey as being known as a party guy. After leaving school and establishing my life, I started to dj again. Through dj-ing is how I learned rhythms and beats. I have always written poetry, so lyrics came naturally. The music you hear is a direct insight to me. It is my wish to spread an insight on life that is truthful and not fantasy filled like alot of hip-hop artists. I know you will find my style new, different and refreshing. This purposely done. Not because I have to, it is who I am.
