Songs Details: Dale Nougher was born in the city of Melbourne, Australia in 1960. Both of Dales' parents loved and played the piano, whilst Dale the eldest of 4 children began lessons at the age of 9. In 1967 the Beatles 'White' album influenced a young musician in the making. Dales' father played Scott Joplin and his mum played classical music. Dales father Jack Nougher was a professional racing car driver in the 1960s and life was literally in the fast lane. In 1970 Jack invested in an island freehold in the Bass Strait. The whole family left city living and began a new life on Clarke Island, totally remote and isolated from any other people. Creature comforts didn't exist, there was no electricity or shops just one family and a huge playground. The 'Dreamtime' was loud and clear. The family piano was shipped to the homestead cottage and thus became the entertainment 'hotspot'. It was on this island retreat in 1970/71 that vamping out bass lines to 'Maple leaf Rag' saw the duo of Dale and his late father Jack come to life. Aqua Bar Vol. 2 is an album dedicated to trust, faith and hope. Dale has dedicated his whole life to the power in music, the passion of love and truth through meditation. Aqua Bar Vol. 2 is Dales latest work in a professional career spanning 20 albums.
