

Mp3 Deborah Thacker - Pop: Delicate

[DOWNLOAD HERE](#)

Blending pop, jazz and country into a style all her own, Deborah Thacker serves up some musical comfort food 9 MP3 Songs POP: Delicate, JAZZ: Smooth Jazz Details: Deborah Thacker gives a first rate performance with a voice that is liquid gold. An accomplished, professional San Francisco Bay area performer, she blends pop, jazz and folk music into a smooth style all her own. She is Bonnie Raitt in the body of Norah Jones, with the depth of Annie Lennox and the soul of Ella Fitzgerald. Deborah is not only a first-rate performer, but also a celebrated songwriter. Her original material has been collected on her debut album, Deborah Thacker. The song 'I'm in Love With You' is currently represented by the well respected Woodrich Recording and Publishing company. Three other songs from the album, 'Words,' 'Came In A Dream' and 'Boy Next Door' are featured on the worldwide Internet radio station garageradio.com, where she was named "Headliner of the Month" in April 2003. Deborah also has a song on the Santana Row compilation CD "Sidewalk Symphony" .All proceeds from the sales go to the Make a Wish Foundation. Her latest release, My Favorite Things, is an eclectic mix of well-known songs that her fans are happy to sing along to. As a live performer just call her "digital deb". She plays guitar and sings along to CD quality backing tracks for a full, rich sound without the expense and space constraints of a full band. Deborah has appeared at most major California arts fairs and festivals, including the Santa Clara, Santa Cruz, Lassen and Amador County Fairs, Tapestry In Talent, Cupertino Art and Wine Festival and the Los Altos Art Wine and Fall Festivals. Her polished showmanship is family friendly while touching the souls of music aficionados and casual spectators alike. Deborah has also appeared in The Charms, Holiday, and Rumours: The Legend Of Fleetwood Mac. Offstage, Deborah writes jingles for nationally broadcast commercials and television. She also composes music for film, video, interactive multimedia productions and the Internet.
