

Mp3 Delphine - Naissance

[DOWNLOAD HERE](#)

New Age Instrumental Piano Music with cosmic undertones, interlaced with exotic and modern rhythms that will make the ears tingle with pleasure... 11 MP3 Songs NEW AGE: New Age, ELECTRONIC: Virtual Orchestra Details: Biography: Delphine arrived in America from France already a skilled and talented songwriter, piano player and keyboardist. Since first locating in Hollywood, she has made great strides in developing and expanding her skills. Delphine is now an accomplished producer-engineer. Having the good fortune to meet Guy Roche, producer, she was able to do projects for renown artists and songwriters. Delphine's first love was instrumental and mood music, when given the opportunity she directed her talent toward composing theme music for movies. Her first movie "Last Ride" about two teenagers snow boarding in Mammoth Mountain, has been running on Showtime and The Movie Channel. Delphine put the finishing touches on her fifth movie entitled "The Woman", directed by Damian Chapa. Find Damian in a great movie "The Calling" where he plays the role of a preacher, The Menendez Trial movie in which he plays Lyle Menendez. Delphine's Opening Theme for the film "The Woman", Painted Illusions, generated interest and got some play on KCRW a popular college radio station. She also just round up a project called " The Less Brown Show". A short movie about the News Media scheduled to screen at Independent Film Festivals in and around Los Angeles. Credits include: Diane Warren
