contemporary Christian pop/rock with a unique edge 13 MP3 Songs GOSPEL: Contemporary Gospel, POP: Today's Top 40 Details: Grae is a contemporary Christian crossover singer/songwriter from central Louisiana. His music ranges from spiritual acoustic ballad to energetic power pop and modern alternative rock. Having a love for the whole Body of Christ, he is exceptionally gifted at covering the Christian waterfront; which, in reality includes experiences shared with others from just about all walks of life. He writes about joy, frustration, and even apathy; feelings that everyone is prone to experience everyday in real life. Grae believes that one of the most important criteria by which a piece of music should be judged is the level of emotion that the artist has put into it. In turn, that emotion should be conveyed to the listener. If this process takes place, then every song will create a mood. Graes hope is that those who hear his music will also see the genuine feeling behind it. Gospel I is a collection of Contemporary Christian pop/rock with a unique edge. This music is about the journey of getting to know oneself, and becoming closer to God.
