Americana, alt-country, roots, 14 MP3 Songs COUNTRY: Alt-Country, ROCK: Folk Rock Details: Hello Everyone here I am: a lively old school new Americana singer songwriter, who is unafraid of the polka, both to sing and to dance. Okay no polkas on this cd, but I promise two on the next. J Shogren lives in Wyoming where, even though the weather has it been nice lately, it has been known to snow in July. All of Jay's songs were recorded at Thunderground Studios by Dan Tinker. If you're ever in Laramie and needed something recorded, he's the man to see. If you need to get in touch jahajunti@hotmailis the place to do it. If you're interested in Jay's day job check these links out:
