"Me And Christ Moving Obstacles So Everyone Sees" - Inspirational Hip Hop with an emphasis on the teachings healing power of JESUS CHRIST. 12 MP3 Songs HIP HOP/RAP: Spiritual Rap, HIP HOP/RAP: Alternative Hip Hop Details: maCmoses grew up in the Northeast Section of Washington, D.C. He's always had a love for music. So in the mid 80's it was no surprise to anyone that he became a fan of Hip Hop. All through high school maCmoses would rap at the lunch table in the cafeteria. As a youth, a few friends of his started a band. He loved to make music and rapping was something he really excelled in. Although maCmoses stuttered at times, when it came to Hip Hop he was gifted to speak clearly and confidently. One of his childhood friends, Kilonzo 'L.G.' Masembwa, formed a small recording studio, and maCmoses would frequently visit his house to make music. As he matured, maCmoses fell in love with the Giver of music (and every good thing) Jesus Christ! Eventually he would develop his own recording company entitled 'JESUS CHRIST TRU VINE Entertainment'. In the Spring of 2003 maCmoses became ill. His mobility was severely challenged. But with the Grace of GOD, maCmoses entered the studio in the Summer of 2004 to begin his debut album 'A New Path'. Each day he continues to slowly regain his mobility, and he is convinced that JESUS will completely heal him and make him whole. Through many trials and tribulations maCmoses has become a man who truly believes in the teachings of The Holy Bible. Although he's not yet where he wants to be, he's certainly not where he's been.
