Adrift is an ambiance of sound, set to engulf you in a deep atmosphere of aural waves and hypnotic tones. 6 MP3 Songs ELECTRONIC: Ambient, ELECTRONIC: Chill out Details: It's been a development over time really. From the early days on a 4-track, to what you hear now. From playing the sound of a fireplace backwards through heavy reverb to the quiet calm of a distant stream mixed with slippery guitars, echoing keys, abstract bass, and even the occasional empty five gallon water jug rolling across the floor. Igor Stravinsky said that "music is thought in a linear perspective". This is an attempt to think non-linear, to think as an open space, to create an atmosphere and environment with sound. To be adrift, without anchor. People who are interested in Pink Floyd Tangerine Dream Brian Eno should consider this download.
