

Mp3 Simon Paradis - Swamp Circus

[DOWNLOAD HERE](#)

This album was recorded between September 2007 and May 2008. The excentric, psychedelic and trippy experience has a cinematic feel but taken to an over-the-top level. Featuring Olivier Lebel on drums and Pascal Morin on guitar. 9 MP3 Songs in this album (48:03) ! Related styles: ELECTRONIC: Experimental, ROCK: Progressive Rock People who are interested in Mr. Bungle Godspeed You! Black Emperor Estradasphere should consider this download. Details: Simon Paradis was born in a tiny rural town in Canada, near a swamp. He went there when he was a kid because it is said that there was magic operating there at night. Rising from underneath the murky waters, a big tent would emerge, housing a circus. Through the cattails and the moss, a grand festival would take place until dawn. This is the soundtrack to their gig, just take a seat on some dead trunk and enjoy.
