Far Eastern harmonies infused with ambient, trance and hip-hop elements. 12 MP3 Songs WORLD: Asian, ELECTRONIC: Ambient Details: There lies a place not often explored where the dragon and phoenix struggle toward balance. Tibetan horns are heard far off in the distance; flutes and vocals hum a solemn melody, fingers dance on the strings of a lute; rumbling drums echo like a crescendo of gusting wind. Solace takes us farther east fusing Middle Eastern compositions with Far Eastern themes and percussion. "Balance" marries these distinct tonalities creating a unique cross-cultural blend of traditionalism and the electronic elements of Ambient, Trance and Trip-Hop.
