(Bear) Phillips 03/13/77 - 04/20/04. He was killed by gang violence though he never joined or affiliated himself with the gangs. The news would say otherwise. "A true nigga will ALWAYS tell the story right". Tripple Double is a rap artist from Denver,CO who speaks on subjects most rappers wouldn't attack. Like the love for Christ and His church, abortion, the black mans struggle, cripin', fake rappers and a host of other misunderstood issues. T.D. has also completed 6 Gospel albums under the artist title Ecclesi Colossi (cdbaby.com/ecclesi) and 4 non-Gospel albums that will be available soon on CD Baby. T.D. produces, records and masters his own material, rarely will you hear a sample in his work. Tripple Dub's style of rap is like "These are the proven facts, now what you do with these facts is your business". Truth, humbleness and love are just three attributes of this Denver rap artist that gives him the right to be called an artist rather than "just another rapper". If you like that underground sound or if you're looking for artist with a different sound Tripple Double Is the one to go with.
