Dreamlike electronica and jazz guitar...Haunting and beautiful. 11 MP3 Songs ELECTRONIC: Soundscapes, JAZZ: Smooth Jazz Details: An intriguing blend of cerebral electronica, earthy acoustic and mesmerizing electric guitars woven into a stunning orchestral tapestry of sound. There's a lucid dream quality to this music, that place we've all experienced between waking and dreaming, between conscious and subconscious where the borders of our realities melt away and spontaneous abstractions of the mind take us to places we didn't know were out there. Credits: William Taylor Prichard Electric and acoustic guitars, electric sitar, guitar synthesizers, keyboards, bass, electronic percussion.
