Just 23, Franklin Ludlow applies for a job with a temporary help agency. Inadvertently his pants zipper breaks. That fateful day was just the beginning to an innocent young mans education. As a young girl Odessa was happy to play with hand me down puppets. When she became a young lady she wanted one for her own. Her aunt invited her to come over to the States and through a chance encounter with a female accomplice Odessa's Aunt befriends a nave young man. Using some unsavory means known only in her homeland, she takes our hero to a land in his mind that will render him unable to function normally. Her plans to conquer this docile male would make mincemeat out of every dominant females agenda when controlling their slaves. Will he find refuge to ward off the evil? Time is most critical and every second that passes is sending him a step closer to becoming Odessa's Penis Puppet! Stimulating adventure W/artists prints. 50,000 plus words Tags: forced masturbation, discipline, prostrate milking, masturbation, teasing and denial
