

The Cambridge Companion To Malcolm X

[DOWNLOAD HERE](#)

Malcolm X is one of the most important figures in the twentieth-century struggle for equality in America. With the passing of time, and changing attitudes to race and religion in American society, the significance of a public figure like Malcolm X continues to evolve and to challenge. This 2010 Companion presents new perspectives on Malcolm X's life and legacy in a series of specially commissioned essays by prominent scholars from a range of disciplines. As a result, this is an unusually rich analysis of this important African American leader, orator, and cultural icon. Intended as a source of information on his life, career and influence and as an innovative substantive scholarly contribution in its own right, the book also includes an introduction, a chronology of the life of Malcolm X, and a select bibliography.
