

Mp3 Aaron Binder - This Side Of Jazz

[DOWNLOAD HERE](#)

A free-wheeling, live, straight-ahead jazz quintet recording of original material. 6 MP3 Songs JAZZ: Bebop, JAZZ: Traditional Jazz Combo Details: This is the first album by drummer/bandleader/composer Aaron Binder. It is a hard-hitting live recording featuring trumpeter John D'Earth, saxophonist Jeff Decker, bassist Scot Fitzsimmons, pianist Wells Hanley, and the drumming and compositions of Aaron Binder. It is a gritty, straight-forward bebop recording which very accurately captures the energy of the live performance. The under appreciated tenor stylings of Jeff Decker are equal to any of his more fully exposed New York contemporaries such as Joshua Redman and Eric Alexander. Decker delivers a muscular performance which will thrill tenor enthusiasts.
