This rising Portland Songwriter has a voice that commands instant attention- alternately clear, cutting, gritty, sultry and full of longing. But Richards isn't just an impressive voice. 12 MP3 Songs FOLK: Modern Folk, COUNTRY: Country Rock Details: Its hard to believe that Amanda Richards is only 23 years old.

This rising [Portland] songwriter has a voice that commands instant attention alternately clear, cutting, gritty, sultry and full of longing. But Richards isnt just an impressive voice. Her songwriting which mostly revolves around relationships that didnt work, arent working or arent going to work is remarkably diverse and complex, and she brings a sense of warmth and humor to the material, as well as her performance.

On her new CD, Live at Mississippi Studios, songs like I Love You More (When Im All Alone) and Cookies Whiskey add a wink and a bite to the standard relationship-gone-wrong equations and prove to be crowd pleasers. Richards is equally at home with more forlorn material, and her emotive vocals add a genuine resonance to the material. Shes spellbinding across the spectrum, and a standout whose star is on the rise. -Barbara Mitchell; The Portland Tribune
