From the Woody Guthrie/Billy Bragg song Birds and Ships to the song Cathy co-wrote with Tom Paxton, Survivors of the Storm, the classic Boswell Sisters Its the Girl and Ola Belle Reeds Hopelessly in Love, the songs are rooted in their twenty- plus years of performing together around the world. Think of them as musical postcards from the journey so far. "POSTCARDS" won a GRAMMY nomination for BEST TRADITIONAL FOLK ALBUM. Postcards features beautiful harmony vocals by Cathy Marcy in addition to wonderful instrumental work in a variety of beautifully played instruments. I highly recommend Postcards. Nils Lofgren, Guitarist from the E Street Band Truly exquisite. I don't know if anyone can understand how it feels to hear songs like this flowing out through your voices.
