[DOWNLOAD HERE](#)

Bee of My Mind is sonic, dreamy ambient. Chase Frank creates textural landscapes. No two songs sound alike...headphone music to be sure. 9 MP3 Songs POP: with Electronic Production, EASY LISTENING: Crooners/Vocals Details: Bee of my mind is a down-tempo darkly ambient sound with unusual melodies. Chase Frank has a bitter-sweet quality to her voice, while also challenging the traditions of popular music. This female vocalists not only sings but plays almost everything on the album. Comparisons have been drawn to PJ Harvey's more intimate work, and others, but Frank's style is truly unique....musical. This fearless album features Frank on many instruments (guitar, piano, bass, dulcimer, spoon guitar) and also has several great guest appearances (trumpet, violin, lap steel, etc.). The sweeping vocals are fresh, the lyrics poetic. "Bee of My Mind" demands several listens...like remembering a dream, Frank will remind you to care. Frank currently performs solo, a completely different sound, The Solo Electro-Indie Guitar Orchestra style she has invented. Live she experiments w/live-loop-sampling. hear her new music at chasefrank.com. Visit chasefrank.com: live video of performances, tour dates and more!
