Country music just got better. Image driven songs incorporating folk pop influences with soulful delivery from a Nashville singer/songwriter with her star on the rise. 8 MP3 Songs COUNTRY: Modern Country, COUNTRY: Country Folk Details: "The first time I heard Cheley was around four years ago at a writer's club in Nashville. I was instantly drawn to her voice. I've heard literally thousands of singers during my career as a songwriter/producer and I've heard a lot of very good singers. Every now and then however, you hear someone who REALLY makes you want to listen to what they're saying and Cheley does that. I'm definately a fan and once you hear her, you will be too." - Reese Wilson, writer #1 single "She Can't Say I Didn't Cry" recorded by Rick Trevino, #1 single "Not On Your Love" recorded by Jeff Carson, Top 5 single "Places I've Never Been" recorded by Mark Wills, Top 10 single "It's All In Your Head" recorded by Diamond Rio as well as cuts by Tim McGraw, Reba McEntire, Tanya Tucker, Clay Walker, Aaron Tippin, and Neal McCoy. "There are alot of singer/songwriters who try to copy what they've heard and don't tap into what they feel. Cheley Tackett is NOT one of these people. She has a great voice and a great talent for songwriting that will kill you!" - Chris Wallin, writer "I'm Tryin'" recorded by Trace Adkins (and currently in the country Top 40), "That's What Brother's Do" recorded by Confederate Railroad, and "3 Seconds" recorded by Sammy Kershaw and Lorrie Morgan. "In Nashville, they talk about a song giving you "chillbumps," and that's what happens every time I hear Cheley Tackett. It's a combination of her bluesy voice, sweet soulful ballads, uptempo swampy grooves, and disarming wry humor. I've worked with Cheley at a bunch of shows and she's always got something new, something that makes me ask, 'How come more people don't know about this woman?' For now, I'm grateful to be included in the secret." - Steve Key, writer "33, 45, 78" recorded by Kathy Mattea and host of Washington D.C.'s Red Rover Concert Series "Cheley Tackett writes songs that actually matter. An artist with a fresh approach, but with

a respect for the tradition that is country music." -Michael Taylor, Director of A&R, Sony Music Australia

"In a music world of marketing hype and fluff it is always refreshing to hear someone brave enough to sing a song for the song's sake. Cheley Tackett is one of those artists. Even through my ears I can feel her looking me dead straight in the eyes, and letting me in on it as if I were the only one listening. She sings from the earth, nothing watered down, all from the gut. Cheley Tackett and a song seem to be one...listen to the final cut and it will all become clear...That's when I knew it all." -Thom Bresh, Award winning Guitarist/Producer/Fan
