Maccaroni Swing, approximate Rumbas, possessed Polkas, invented-from-nothing Klezmer wearing pardo-Fez 12 MP3 Songs WORLD: Polka, ROCK: Ska Details: Figli di Madre Ignota is a band from Milano who plays Maccaroni Swing, Approximate Rumbas, Possessed Polkas, Invented-from-nothing Klezmer wearing Pardo-Fez. We like retro' atmosphere, swing and rumba songs, as we like balcanic music, klezmer and TV tunes with a lot of brass inside. We put it all in a melting pot mixing with surf, ska, and rocksteady. We're born from an insane passion for bachelor music, everything about grind from the 50's, vintage sounds, exotica and lounge. Make yourself a PardoFez and dance with us!
