The music of Sunshine City Tree stands in contrast to a consumer-driven and rushed society. The 100 original CD melds Nick Drake-styled folk and a singing slide-guitar like that of the Allman Brothers Band, while the vocals define what it means to express a soulful simplicity. This is Jeff Ray's debut CD using nine different guitar tunings, a slide-guitar, Hammond organ, vocal harmonies, and a 'cello to create one of the most progressive new folk sounds by a young artist today. To capture the music's simplicity and soul, the CD was recorded using a 4-track analog recorder and NO digital effects. When we receive a confirmation of your purchase, we will email you a weblink to download the FREE 7-song live CD. Enjoy the music! ***** QUOTES: 'flits around the fret board with ease, spinning
