[DOWNLOAD HERE](#)

Jimmy Rhythm's mainstream Pop Opera 'Out Of The Blue' is an upbeat collection with Beatlesque undertones from this Scottish singer/songwriter. 12 MP3 Songs POP: British Pop, POP: 80's Pop Details: Jimmy Rhythm Hello Everybody! Jimmy here, Hope you had a chance to listen to my CD 'Out of the Blue' I recorded the tracks at Green Oak Studio in Gilford, and Mojo Music Studios in Franconia New Hampshire (Beautiful place!) All the words and music are original material that has been swirling around in my head over these past few years. I originally hail from Scotland (Och Aye The Noo!) but living in New Hampshire now for the past 20 years. And although my music could be classed as contemporary Rock/Pop I couldn't help my Celtic roots showing through on a couple of the tracks. I am a solo performer but am in the process of putting a trio together (another guitar and percussion) to take the show on the road. I'll be back in the studio in September putting together my second CD, which I look forward to with anticipation. Keep an eye on the web site as it will grow in the coming months and add your comments or get in touch with me at: [music@jimmy-rhythm](mailto:music@jimmy-rhythm). You can hear tracks from the CD on Dynamic Independent Radio (WDYN.net) Rochester NY. And of course CD Baby! Talk to you later, Jimmy
