REAL LATIN HIP-HOP, REGGAE, REGGAETON COMBINING CARIBBEAN PERCUSSION, JAMAICAN DANCEHALL RHYTHMS WITH LYRICS THAT MAKE SENSE. LCD..... 14 MP3 Songs

LATIN: Latin Rap, HIP HOP/RAP: Hip Hop Details: With the unique blend of hip hop and the sounds of reggaeton LCD (Alex Navaja, Kiko Figa, Tony Tekillah) is destined to reach the top of the charts. They express their real life struggles and experiences in their music. Also, They bring that melodic feel with lyrics that not only make sense, but will impact a very wide range of age groups nationwide. LCD creates masterpieces by bringing back the essence of hip hop culture with the inspirations of Notorious BIG, EPMD, Gangstarr, Wu-Tang Clan, Rafy Levitz, Shabba Ranks and Supercat to name a few. Another factor in their clever style is the fusion of Caribbean percussions, Jamaican Dancehall rhythms, Latin, rock, and even house music. It's just genius how LCD manages to make this mix work. They stand out from the rest by far. Their production team is hot like fire and LCD has the burning desire to break new grounds and feed the public a different taste. With top of the line brands, 10years+ experience, and creativity combined there is no saying what this team (DJ Toxic, Javi OverDose, and Lex-Beats) of producers can't do. LCD has our support and can guarantee they will have yours too. See for yourself what La Congregacion Desconocida is about. This debut album is only the beginning of the birth of a new empire!!!
