Mp3 Nanotune - Electronic: Electro

DOWNLOAD HERE

Electronic: progressive, dance, chillout, ambient 10 MP3 Songs ELECTRONIC: Electro, ELECTRONIC: Down Tempo Show all album songs: Nanotune Songs Details: Started to appreciate music and play keyboard from an early age, Shahram S.M. followed his career in Science, however, consistently staying passionate towards the world of music. The name 'Nanotune' (which both serves as the artist's and the name of this album) originates from the research work the composer is currently involved in as a researcher in the Physics of Nano-structures. His enthusiasm specially to the modern world of music, Electronic, started to pay off by the compositions in diverse genres from ambient to progressive, dance and intellectual. Consequently the variety of the tracks on this album, however all within Electronic, covers diverse moods from heavier ambient and intellectual, to the lighter, new age/dance type. There might be signatures from the background of the composer as a physicist, looking at other dimensions and scales.
