Trip Pop music combines elements of funk, goth, new wave, rock and hip-hop with politically incorrect and socially satirical lyrics, gratuitously sprinkled with adult themes, sounds and language. 10 MP3 Songs

ELECTRONIC: Funk, ROCK: Funk Rock Details: Chicago is so behind the live and music scene in general / Around the country most people / musicians laugh when they think of Chicago live music scene / Even acts that have made it currently / even though the talent is here / you always have to go somewhere else / if you original and current sounding music / because the club owners are not letting the music have a chance / because they're listening to the prehistoric / booking agent whose taste in music is dated / and out of touch / like 8 track players / it's time to move to the further mp3 / current music live and otherwise / you can go anywhere else Miami / New York / LA / even Atlanta / and the South / They are so far ahead of the Chicago / prehistoric live music scene / and music in general / This is the only music city / where it thumbs its nose at the current cutting edge music / as a result leaving the musician no choice / but to leave get noticed / and recognition in another major city / And even more important / the music fans getting / watered down music / from some mundane unoriginal cover bands / playing unoriginal music from the unoriginal 80's band and 90's / with the only original band / band then since Jimi Hendrix / Van Halan / Flock of Seagulls / Ministry / Nirvana and even the unoriginal acts of the eighties / 90s are not / playing that original sounding music / leaving the live hot music scene to other cities / and Chicago live music scene lethargic and predictable / stale and background joke / As far as live music is concerned / I am one of the most creative / music producer, singer songwriter performer / in the world that never had the opportunity or equipment / that was totally mine / to go after a solo music career / But now I have the equipment / I've been the front man for 3 bands / Each band different periods of time / Never really having the opportunity / To totally be original / in the bands I've been in for years / and the music listen to over all

/ it's not original but are they? The Grammy's have it wrong recycling other peoples style of music Nora Jones in particular Rick Lee Jones originally / Basically I'm into being original / and creative and there is a difference in being influence And being original /
