A modern twist to old folk styles similar to Bright Eyes, Mason Jennings, Elliot Smith and Beck. 11 MP3 Songs FOLK: Modern Folk, ROCK: Acoustic Details: Reed's unique acoustic stylings often lead to comparisons to Elliot Smith and Iron and Wine while his experimental flare earn him comparisons to Beck and Death Cab for Cutie. Reed stands alone however, with a minimalistic approach to music and vocals that are dreamy and bittersweet with punches of pent up excitement. This CD is a collection of demos recorded in various bedrooms and garages from 1999-2003. Look for new releases early in 2006 including a compilation CD from Deep Elm containing Reed's song "Seventeen" as well as a new full length released by Dirty Laundry Records.
