Incredible songwriting wrapped in clean, smooth, and ultimately explosive art-pop. 10 MP3 Songs POP: Quirky, POP: Today's Top 40 Show all album songs: Wonderment Songs Details: Now a card carrying New Yorker, Timothy Daniel is a product of the San Francisco Bay Area pop music scene. He first gained popularity after spending several months as one of the top 5 artists on the overall Myspace music charts in 2004. After honing his skills with four national tours and performances overseas, Tim finished recording his first official full length album in June of 2007. On the record, Tim performs all of the vocals and acoustic guitars along with electric guitars, keyboards, percussion, and even a brief debut on the clarinet. A gifted songwriter, producer, singer, and multi-instrumentalist, this newcomer is developing a new brand of art-pop.
