Instead of going to search engine websites one by one, Search Buzz helps you trawl all the major search engines just by using one software. You don't even need to open a web browser to access the multiple search engines! Select to show only just the top 10 rankings of your search item and save all your search results into a simple, easy to read file that can be stored onto your computer. Here is What This

All-In-One Search Engine Software Does: * Save tons of time copying and pasting search engine results from the web * Utilize the power of all the search engines in just a single click * Export all search results into a simple, easy to read file which can be kept for future reference * Have no more hassle of going to multiple sites to search for a particular topic! * Have all your search results listed in one full page *

Software acts like your own personal all-in-one search engine on your desktop Order Right Now At Just \$4.99!
