

Silent Spring - Rachel Carson

[DOWNLOAD HERE](#)

Rachel Carsons Silent Spring was first published in three serialized excerpts in the New Yorker in June of 1962. The book appeared in September of that year and the outcry that followed its publication forced the banning of DDT and spurred revolutionary changes in the laws affecting our air, land, and water. Carsons passionate concern for the future of our planet reverberated powerfully throughout the world, and her eloquent book was instrumental in launching the environmental movement. It is without question one of the landmark books of the twentieth century. In 2012 we invite you to join us in celebrating the 50th anniversary of the publication of this great work.
