For 100s of unique & interesting titles, please type: * Manuel Ortiz Braschi * in the Tradebit Search Box above. How To Make An Extra \$400 To \$2000 A Month! Most affiliate marketers are failing this very minute. Gurus will sell ebooks that are full of almost useless stuff, using sales pages that are borderline false advertisements. They lead you to believe that you'll be making thousands of dollars by this time next week, and it occurs so rarely I'd call it a miracle if I ever seen it happen. However, I'm not trying to say that the techniques they sell don't work. While many common affiliate marketing techniques do work, they're either too complicated, boring, expensive, difficult or time-consuming for the majority of people to follow. I have been using a simple technique for months that even an average stay-at-home mom like me has time for. It's easy and very few other people are doing it. Even if the whole Warrior Forum started using this technique I wouldn't be worried about competition, because there are tons of niches and products that I can easily target and profit from. This isn't a technique that only works for internet marketing products or ClickBank ebooks. It will work in every niche as long as you can find a decent product to promote (which there are millions of).
