(See lots of pictures more at VisionEars.com) I'm a Danish singer/songwriter, now living in California, USA. I have recorded and published over 300 titles in roughly 40 countries. Millions of people have heard my music and would never know it - in movies, like Burt Reyonold's "Hooper", or TV-shows, soaps and commercials all over the world. I was born in a small town (verd) in Denmark, into a very musical family, entered early into the Danish Radio, recorded albums and formed vocal-trios and later folk/rock bands. From being a medium fish in a small pond, I came to America with my hopes and dreams - and pocket full of songs. The music has traces of folk, rock, jazz, blues, samba, reggae and classical. I often think of myself as a radio, apparently able to tune in whatever the dial is set for - all with a strong melodic flavor and lyrics straight from life.
